#### COMMITMENTS AND STATMENTS

I confirm that I have read the contract about the agricultural riparian buffer strips development's project. I allow the FUPAM to share my coordinates on the flat rate contractors' list. The FUPAM does not guarantee any seeding acreage. The FUPAM acts as a facilitator to bring the parties together. The seeds are free of charge for the project and can not be used for any other purpose. I acknowledge that the Fédération de l'UPA de la Montérégie can not be held accountable for my riparian buffer strip's nonconformity following the completion of the project.
